as without them there wouldn't be a  
community newsletter.  
Let them know you found them HERE!**

# Fire Danger Period Ending 1st May 2025

As summer comes to a close, the declared Fire Danger Period will officially end on May 1st, 2025. From this date, private open-air burning will be allowed, but it must comply with the local regulations set by Cardinia Shire Council.

Now is a good time to familiarise yourself with the specific requirements, including any restrictions and/or gaining permits needed for burning off in urban areas. It's also essential to remember that you *must register your burn with the CFA and Triple Zero Victoria. You can do this online at [firepermits.vic.gov.au](https://firepermits.vic.gov.au) or by calling 1800 668 511.*

While many are eager to clear summer waste, we urge you to exercise extreme caution. The region has seen little rainfall recently, and fires can still spread quickly once ignited. Always ensure that a responsible adult is actively monitoring the burn, and that you have the proper equipment on hand to fully extinguish the fire—cool to the touch—at any time.

Stay safe and burn responsibly

<https://www.cardinia.vic.gov.au/burningoff>

## Under 14s Basketball—Xav Lemish

Let's hear some applause for young Xav Lemish. He's currently in U14s basketball and has been doing really well. Xav started playing basketball for the bunyip bulls, then squad for the Warragul Warriors, selected for the future development program for basketball vic. He then worked hard to be selected for gold nugget camp then play for the country Vic bushrangers team. On top of that his Warriors team have just won junior country champs and will be heading to Perth for nationals in September. This kid works hard day and night training 7 days a week and travelling as far as Ballarat for training. He is someone the whole community can be proud of.

If you know of some one on the community putting in this sort of an effort, let us know! Send us a note so we can publish their achievements.

### Baileys Irish Cream

**Ingredients:**

- 3 eggs
- 1 can condensed milk
- 600 ml Pure Cream
- 1/4 teaspoon Coconut Essence
- 1 1/2 cups Whisky

**Process:**

- Beat eggs
- Then add all other ingredients
- Beat together thoroughly
- Keep in fridge
- Shake well before use
- Do not keep longer than 3 weeks

## **TALKIN' ...FISHIN'..... STAY ALIVE AND FLOAT**

*Tragically, in recent events and over the past few years there has been a steady increase in drownings attributed to fisherman putting themselves in dangerous situations. These include swimmers, divers, land based fisherman and boaties. There is a minority of these attributed to accidental drownings, but many more could be avoided with the correct use of a life jacket or floatation devices. Don't think along the lines of the uncomfortable and cheap yellow or orange brick styles worn around your neck that were supplied just to comply with current regulations at the time. Serious advancements have been made in design and technology to make today's life jackets both serviceable and comfortable, and of course very effective. Choice is many and varied, the colour is not as important as your visibility especially at night, so choose with this in mind and look for those with high visibility reflective tape. \*Check the updated regulations of when and where to wear a life jacket to avoid a fine.*

*Make certain you are buying 'Australian Standards Approved' PFD (personal floatation device) and in the correct size for adult or child. Buoyancy vest is an assistance floatation device for water skiing and alike sports, life jackets do what they say, save your life. They are designed to roll you over face up and keep you afloat for long periods until you're rescued. Full life jackets are available in long or removable sleeves with an internal inflation gas cylinder, either manual or automatic water contact activation. Commonly used are the horseshoe shaped overhead and waist strapped, with an internal bladder, these are very comfortable and lay flat against you, you almost forget you're wearing them. Try on a few models first, some fit better than others depending on your body shape, look out for any fabric cutting in or rubbing irritating to the back of your neck, and how easy it is to put on without twisting straps or knotting up around you. Ask for store assistance if you need help. Nearly all have a small compressed gas Co2 cartridge that can be replaced when due, with a rip cord that's pulled to inflate an inner bladder. The exception is those that self-inflate on contact with water should you go in unconscious or have a disability, this is a definite advantage. I would recommend that young children wear the foam filled full vest and remember to attach the strap underneath so they don't slip out the bottom, slippery little suckers they are! And prevents them from pulling a rip cord, "Hey Dad, what's this thing for?" PSSST !*

*Ensure you do the regular checks on all the straps, seams and plastic buckles and replace any if necessary. Ensure the gas cylinder is free of any rust or corrosion, yours or another's life might depend on this \$30 item, well worth it. Life vests range from about \$75-\$90 and full survival jackets around \$600. If you're a poor swimmer, fish in dangerous locations or open waters including fast flowing streams, there is a particular time to wear one. Use your common sense, there is a particular type of life vest for the type of fishing you do. Don't have it stored away where you can't get to it in a hurry, or wear it anyway, and stay safe.*

*Catcha, The TackleMan®*

# And God Created Dog and Cat

A newly discovered chapter in the book of genesis has proved the answer to WHERE DO PETS COME FROM.

Adam and Eve said, "Lord, when we were in the garden, you walked with us every day.

Now we do not see you any more. We are lonesome here, and it is difficult for us to remember how much you love us."

And God said, I will create a companion for you that will be with you and who will be a reflection of my love for you, so that you will love me even when you cannot see me. Regardless of how selfish or childish or unlovable you may be, this new companion will accept you as you are and will love you as I do, in spite of yourselves."

And God created a new animal to be a companion for Adam and Eve.

And it was a good animal.

And God was pleased.

And the new animal was pleased to be with Adam and Eve, and he wagged his tail.

And Adam said, "Lord, I have already named all the animals in the Kingdom, and I cannot think of a name for this new animal."

And God said, "I have created this new animal to be a reflection of my love for you, his name will be a reflection of my own name, and you will call him DOG." And Dog lived with Adam and Eve and was a companion to them and loved them.

And they were comforted.

And God was pleased.

And Dog was content and wagged his tail.

After a while, it came to pass that an angel came to the Lord and said, "Lord, Adam and Eve have become filled with pride. They strut and preen like peacocks and they believe they are worthy of adoration. Dog has indeed taught them that they are loved, but perhaps too well."

And God said, "I will create for them a companion who will be with them and who will see them as they are. The companion will remind them of their limitations, so they will know that they are not always worthy of adoration."

And God created CAT to be a companion to Adam and Eve. And Cat would not obey them. And when Adam and Eve gazed into Cat's eyes, they were reminded that they were not the supreme beings.

And Adam and Eve learned humility. And they were greatly improved. And God was pleased.

And Dog was happy.

And Cat didn't give a shit one way or the other.

## The school run, the intersection and the Christmas concert.

November 27th, it was a very special day, the kids had primary Christmas concert in the afternoon and were excited to show us what they had been practicing. I had collected money from other parents to get the teachers bouquets from Willow Branch as a token of their generous service. I'd placed the order for some stunning arrangements and was going to drop the kids at school, then head back to Drouin to pick up the flowers.

I was travelling from Warragal to get the kids to school at Tynong and came off the freeway as there were road works at Longwarry and I thought I would go through Bunyip. My husband was in the car too as he teaches at the same school.

Driving along and enjoying a conversation with my husband while the 6 kids were well behaved for once. I drove through Bunyip heading on the Nar Nar Goon Longwarry Road towards Garfield.

A car from the corner of my eye came across and I yelled to my husband, that I couldn't stop, I was going to hit her. I don't remember the actual impact, but I do remember the yell of my child at the back shouting "Help". The minute between opening my door and opening the back passenger door felt like a lifetime. The car was filled with dust, which I later learned was from the air bags. I was so grateful when I opened the door and found all six kids were ok.

My husband and I were taken to hospital with minor injuries and the other driver was as shaken as we were. I'd sent her into a third vehicle but gratefully she and the other driver were ok.

The car did its job and protected all of us but was written off. It could have been a lot worse. funnily enough, four years prior I'd helped a family I knew with their claim against an uninsured driver who didn't stop at the sign. Thankfully our insurance covered everything.

The petition that Wayne Farnham is now sponsoring needs your signatures to help improve that intersection. I'm so grateful with our case as it could have been a lot worse. On the upside, in case you're wondering what happened to the beautiful bouquets that had been ordered, well my friends picked me up from Warragal Hospital, and also picked up the flowers. I made the Christmas concert, and the teachers got their flowers.

## BRAG UPDATE May 2025

BRAG

"LET'S GIVE BUNYIP SOMETHING TO BRAG ABOUT!"

**OUR VISION:** *Bunyip and District will become an environmentally sustainable, carbon neutral community*

**OUR MISSION:** *To reduce Bunyip and District's carbon footprint.*

**EVENTS:** BRAG members have been attending a couple of very interesting events hosted by the Baw Baw Sustainability Network and Gippsland Climate Change Network during last week.... Always wanting to learn more ways to mitigate climate change and make the world a better place for future generations.

**April 28<sup>th</sup> Community Nuclear Forum in Morwell:** An excellent, well attended forum during which we learnt that:

- The proposed site in the La Trobe Valley will not be stable enough for construction to commence until 2055 (that makes a mockery of Dutton's 15-20 year timeline)
- Within 10 years our national grid can be run on 100% renewable energy, with 5 hour battery capacity and about 2% backup from gas. This will be true even on cloudy, calm days.
- Planned private investment in renewables in Gippsland is already over \$40billion including AGL transitioning Loy Yang into a renewable energy hub featuring grid scale batteries
- Unfortunately 2500 renewable energy transition jobs in the Illawarra region have been paused due to uncertainties following the nuclear proposal.
- The LaTrobe Valley community will be severely impacted by a nuclear project with housing prices dropping, new businesses reluctant to start, tourism dropping off and insurance companies unwilling to insure houses, businesses or health in the area....Nuclear is perceived as high risk and the LaTrobe Valley have not been given the opportunity to say no.
- The Electrical Trades Union regards the transition to renewables and electrification as a new industrial revolution which is already supplying quality jobs and will continue to do so for decades...they do not consider nuclear to be a viable alternative in Australia... it produces 40% less power and we have an abundance of sun!
- ...and most scary of all ... new information from Germany indicates elevated levels of childhood leukemia related to nuclear power plants that are functioning well.

**May 1<sup>st</sup> Quitting Gas in Gippsland in Yarragon:** Once again a very informative evening we learnt:

- Gippsland is leading the world in the move to renewables we have 12 off shore wind projects in the pipeline due to ideal conditions...shallow water and strong winds just 10kms off shore
- Check out Gippsland New Energy web site for information about many solar and wind projects.
- SEC is investing in big battery sites in Victoria
- Clean Energy Finance Corporation will enable a cheaper home loan on new homes if owner is able to amend their plans to improve their energy rating by at least 1 star.
- Energy Distributors need and are actively facilitating Community Batteries, Micro grids, Minigrids and Battery Energy Storage System to assist with stabilising the grid.

We were also provided with several links and contacts which we will follow up and share with community to help BRAG achieve our vision

**There is another free event coming up that may interest you if you would like to make your home more sustainable...and cheaper to run!!:**

**Morwell Neighbourhood House for electri-FAIR-cation Day: SAT 24<sup>TH</sup> MAY 11AM-2PM**

Come and engage with our electrification team, meet satisfied users, try out appliances and celebrate sustainable energy advancements in Morwell. This event promises to be an informative and enjoyable experience paving the way for a greener future.

Morwell Neighbourhood House 48-50 Beattie Cres Morwell Vic.

## Scammer says Sorry

By Roman Kulkewycz

Scrolling through my Facebook account recently my eye caught sight of a notice inserted by a multi millionaire woman who had won 552million dollars in a lottery and was generously giving a large portion of it away. All one had to do was apply and Bingo the money would be on its way!

It was glaringly obvious that this was a very basic amateurish scam that should not fool anyone. So I decided to play along with her game. A golden rule is to never reveal any information about oneself or one's account. She asked me for my address and phone number which I just made up to keep the game going. After some time she told me my parcel containing \$665,000 would be delivered to me that afternoon. I replied with joy and gratitude. However for me to receive this parcel of money I had to pay Courier delivery expenses of \$300.

Next I was instructed to go to the Post Office and get \$300 in Gift Cards to pay for the delivery. I said I would be back home in 20 minutes with the Gift cards as I lived close to the Post Office. I had a cup of tea and watched the clock for half an hour to pass by and I messaged her again saying I was back. I was told to peel back a backing paper which would reveal a set of 16 numbers. I had to take a photo of these digits and send to her. I said that I didn't have a camera, nor a mobile phone. I also asked her why there was so much hassle if she was sending me \$665,000 and we were arguing over a miserly \$300. That was it, she had no answer to this question.

After giving her the phantom " numbers " incorrectly several times, she became frustrated and there was anger in her voice. Then I said to her that if we were playing chess I had her checkmate ages ago. I told her the game was up! I asked her how good did she feel scamming people out of their money and did she sleep well at night? I kept humiliating her and she eventually said that she was sorry. I asked her a series of questions and she reluctantly answered a couple only. She told me that she lived in Nigeria and she was 21 years old. She did not work for a syndicate or boss, but from home using a laptop computer. She claimed to have come from a broken home and to survive she had to resort to scamming. She claimed she never scammed people's bank accounts. Some months she would not make any money and her best scams were in USA due to the value of the US Dollar. Canada was another fertile scamming country.

As I asked her more questions she became uneasy and eventually stopped replying to me altogether. However her parting words to me were that should I encounter something that might be a scam, to let her know the details and she would advise me if it was a scam or not. Go figure!

## Rennie Pearson: Traditional Celtic Music – Live in Tonimbuk

Rennie Pearson, one of Australasia's leading Celtic musicians, is bringing his show of traditional tunes, songs and storytelling from Ireland, Scotland and Maritime Canada to Tonimbuk Hall on Saturday, May 17 at 7:30pm.

With the wooden flute, Irish whistles, guitar, bodhrán, fiddle and voice, Rennie creates a show that's both intimate and exhilarating—balancing high-energy jigs and reels with heart-stirring slow airs and engaging storytelling.

Each performance is a musical journey that offers a chance to connect with Celtic culture through music that lifts the spirit and stirs the soul.

### Event Details:

#### Rennie Pearson: Traditional Celtic Music

*Tunes, songs and stories from Ireland, Scotland and Maritime Canada*

Tonimbuk Hall, Tonimbuk

Saturday, May 17 – 7:30pm

Tickets available at [www.renniepearsonmusic.com](http://www.renniepearsonmusic.com)

Don't miss this special performance from a master of Celtic music on his Victoria tour this May.

### **St.Thomas' Anglican Church A'Beckett Road Bunyip** *Christ is risen. Alleluia Alleluia - He is risen indeed. Alleluia, Alleluia.*

The people of St. Thomas' Parish have just celebrated the great days of Holy Week that concluded with a wonderful celebration of Our Lords Resurrection. But at St. Thomas' the Season of Easter continues for another seven weeks. Our Easter celebrations will include our Autumn Festival (and feast) on the 4th May. This is guaranteed to be a great day of feasting, music and fellowship. You are very welcome to join us.

#### **REGULAR MAY SERVICES AT ST. THOMAS**

**10am every Sunday:** Eucharist followed by morning tea in the Parish Hall.

**11.45 am every Wednesday:** Mid week Eucharist followed by lunch in the Meeting Room in Parish Hall.

#### **ST. THOMAS' OP SHOP**

**Please note that the regular opening hours for our Op Shop are:** Thursdays and Fridays from 10am to 2.30pm.

#### **CONTACTS:**
